

GURI RAI

Frontend Developer

PROFILE

Frontend Developer with strong hands-on experience in building modern, responsive, and high-performance web applications using React, Next.js, TypeScript, JavaScript, HTML, and CSS.

Currently expanding my skills into Backend Development and App Development with the goal of becoming a Full Stack Developer capable of building complete digital solutions.

WORK EXPERIENCE

Frontend Developer (2026 – Present)

- Developed modern and responsive web applications using React.js and Next.js
- Built reusable and scalable UI components using JavaScript (ES6+) and TypeScript
- Improved website performance, SEO, and loading speed
- Integrated dynamic data rendering and optimized user experience

PROJECTS

Sirsa.Online

A local city platform providing information about schools, tourism places, restaurants, gyms, and events in Sirsa.

Focused on SEO, fast performance, and clean UI for better user experience.

NurtureNerve

A professional education platform helping students crack competitive exams through expert video lectures, daily quizzes, and practice tests.

Includes responsive design, smooth UI, and optimized layout for better engagement.

SKILLS

HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Git & GitHub, Responsive Web Design

EDUCATION

Currently pursuing Senior Secondary Education

Focused on continuous learning and practical development experience

Completed Full Stack Development Course (Frontend Phase: HTML, CSS, JavaScript, React)

GOAL

To become a Full Stack Web and App Developer and build impactful, real-world digital products while continuously improving my skills.
